Frank:

Enclosed is the memo we discussed on Sun Streak to implement the MIB decision. [REDACTED] agrees with it, except he wants to have OER/appraisal signature authority. Per our personnel folks, we can't do that since they're DIA people still at Ft Meade. This lets him review the OERs and appraisals though, so it's workable.

- SG1I 3. The program staff will remain assigned to DIA for the duration of the test program this fiscal year. The manpower authorizations are and will remain in DIA. While operational control of the staff will be exercised by [REDACTED] administrative control and support will remain with DT, including payroll accounting, and appraisals and OER closeout. [REDACTED] is authorized to monitor appraisal and OER preparation and will coordinate their closeout through DIA/DT; no reporting official changes will be made at this time as a result of this decision. Any requirements for TDY by the program staff will be funded by the Army project during this period. Within DIA, DT will be the focal point for program accesses, and will coordinate accesses with [REDACTED] SG1I
